

The ultimate roasting experience

The Ghibli R15 is your entry ticket to the commercial roasting world. Built for complete comfort and designed to perfection, the Ghibli R15 promises to provide quality roasting results. Above all, we produced a versatile, flexible, and durable coffee roaster to serve you for years and help you grow your coffee roasting business with great comfort and exceptional quality.

Vortex TO4 drum

Achieve the optimum roasting quality

Our aerodynamic drum utilizes a high-velocity vortex air stream and minimizes air intake, energy consumption, and pollution. Ultimately, we can create more aroma, achieve density development, and preserve essential coffee qualities.

Roast smokeless

We offer two unique **smoke-free** solutions **perfectly engineered** to connect with the Ghibli R15 **seamlessly**.

Choose your preferred solution

Afterburner – Gas powered

The Afterburner is a reliable pollution eliminator that reduces CO, NOx, SOx, and other gas emissions effectively.

Features & Technology

Ambient autonomy

Optimal roasting conditions regardless of surroundings.

Thermal design

Ceramic chamber for uniformly roasted batches.

Pre-mix gas burner

Significant gas saving, low NOx and CO emissions.

Complete control

Fully modulated burner, drum speed, and airflow control.

Efficient technology

Reduced gas consumption through innovative features.

Batch Capacity

3-15kg [6.6-33 lbs.]

Hourly output

Approx. 45kg [99lbs.]

Dimensions & Weight

146(w) X 173(d) X 182(h) cm

57(w) X 68(d) X 72(h) Inch

400 kg [882 lbs.]

Quality and safety compliance

CE, RoHS, EMC
