

Maximize your performance & efficiency

The Ghibli R30 is designed from start to finish to offer you the ultimate roasting experience. Equipped with noise reduction features and ergonomically built, the Ghibli R30 is the most comfortable roaster you'll ever use. By using advanced thermodynamics & aerodynamics, the Ghibli R30 produces incredibly delicious coffee and maximizes efficiency greatly.

Vortex TO4 drum

Achieve the optimum roasting quality

Our aerodynamic drum utilizes a high-velocity vortex air stream and minimizes air intake, energy consumption, and pollution. Ultimately, we can create more aroma, achieve density development, and preserve essential coffee qualities.

Roast smokeless

We offer two unique **smoke-free** solutions **perfectly engineered** to connect with the Ghibli R30 **seamlessly**.

Choose your preferred solution

Afterburner – Gas powered

The Afterburner is a reliable pollution eliminator that reduces CO, NOx, SOx, and other emissions effectively.

Features & Technology

Ambient autonomy

Optimal roasting conditions regardless of surroundings.

Comfort design

Smart thermal sensors and noise-reduction features.

Pre-mix gas burner

Significant gas saving, low NOx and CO emissions.

Operator safety

Perfect user protection and a safe roasting environment.

Efficient technology

Reduced gas consumption through innovative features.

Batch Capacity

7-30 kg [15-66 lbs.]

Hourly output

Approx. 90 kg [198 lbs.]

Dimensions & Weight

157(w) X 237(d) X 209(h) cm

62(w) X 93(d) X 82(h) Inch

900 kg [1984 lbs.]

Quality and safety compliance

CE, RoHS, EMC
