

Your own personal roast-master

The Solar Eco is a fully automatic shop roaster made for producing high quality coffee the easiest way. It is entirely electric to minimize emissions and maximize efficiency, incredibly silent and compact, providing the ultimate comfort experience. This award-winning roaster is your own personal roastmaster at the push of a button.

Get a Solar if you want to -

- 01 Enter the specialty coffee business smoothly
- 02 Provide your customers with fresher coffee
- 03 Offer your own signature and exclusive blends
- 04 Switch to green coffee and increase your profit

The solar shop roaster has shown incredible success with users worldwide. We can confidently say that no other shop roaster can challenge the quality and technology of the Solar Eco.

Why choose Eco?

The Solar Eco is **fully electric**. By roasting on electricity we significantly minimize pollution and increase efficiency.

Combined with the Avirnaki, our smoke elimination system, the Solar releases zero emissions and is completely chimney-free.
