

STINGRAY E7

Technical Specifications

General Specifications

Model	Stingray E7 Electric Roaster
Batch Capacity	1-7 KG (2-15 lbs)
Chaff Collector	Cyclone type Included

Electrical Specifications

Main Current	380(3x230V)
Frequency	50/60Hz
Total Machine Max Power	18kW

Exhaust

Specifications

Air Volume Cyclone Exhaust	280 CFM
Cyclone Outlet Temperature	140°C
Cyclone Duct Diameter	160 mm
Air Volume Cooling Exhaust	1300 CFM
Cooling Duct Diameter	100 mm
Cooling Outlet Temperature	80°C

Heating Method

Fully Modulated, Industrial grade, Electric Heater	10kW - 16kW
--	-------------

Noise Level

While Idle	30dB
While Roasting	55dB
With Activated Cooling Group	72dB

Weight

Weight	270kg / 551 lbs
